
Here's an Instant Activity for November 19, 2007

STRATEGY FOR SPELLING SUCCESS

For most learners, spelling well doesn't just happen. It is the result of a conscientious spelling and word-skill curriculum that:

1. provides a menu of skill-building activities that range in sophistication to teach critical concepts at a student's own level,
2. uses assessment to gather information to target word study to the specific words each student has not learned from among all previously introduced words in the program, as well as to identify skills not yet mastered,
3. equips teachers with guidelines for spelling expectations in everyday writing that increase as students develop as writers, making the classroom a rehearsal for real-world writing, *and*
4. proposes multiple opportunities to engage parents in their child's acquisition of spelling skills.

This Instant Activity helps teachers achieve item number 1 above—and item number 4, if the activity is assigned as homework.

Meeting state standards is a priority of the Sourcebook Series. Instant Activities further support skills and concepts reflected in state standards.

LEVEL OF DIFFICULTY

Approximately Grade 3

PURPOSE

To provide practice adding suffixes to words ending in *y*.

Skills: suffix rules, visual skills, word analysis, compound words, vocabulary development

SUGGESTED USE

Use this Instant Activity with the Level 3 Sourcebook (2nd or 3rd Edition), Unit 12, Activity 3B, page 114.

TEACHING DIRECTIONS

Write consonant-*y* and vowel-*y* ending words on the chalkboard, some of which may be unfamiliar to students (e.g., portray, opportunity, celebrity, alley). Ask students to add the *s* suffix to these words to make new words. Review the suffix rules that apply (when a word ends in consonant-*y*, change *y* to *i* and add *es*; when a word ends in vowel-*y*, just add *s*). Help students discover that they can add the *s* suffix to words to make new words—even if they are unfamiliar words!

Print the Instant Activity and distribute a copy to each student. Discuss the activity to ensure that students know what is expected. Then ask students to complete the activity at home or at school.

FOLLOW-UP

First have students share the words on their charts. Then identify the compound words on students' charts. Next, ask students to sort the compound words in some way.
