
Here's an Instant Activity for February 18, 2008

STRATEGY FOR SPELLING SUCCESS

For most learners, spelling well doesn't just happen. It is the result of a conscientious spelling and word-skill curriculum that:

1. provides a menu of skill-building activities that range in sophistication to teach critical concepts at a student's own level,
2. uses assessment to gather information to target word study to the specific words each student has not learned from among all previously introduced words in the program, as well as to identify skills not yet mastered,
3. equips teachers with guidelines for spelling expectations in everyday writing that increase as students develop as writers, making the classroom a rehearsal for real-world writing, *and*
4. proposes multiple opportunities to engage parents in their child's acquisition of spelling skills.

This Instant Activity helps teachers achieve item number 1 above—and item number 4, if the activity is assigned as homework.

Meeting state standards is a priority of the Sourcebook Series. Instant Activities further support skills and concepts reflected in state standards.

LEVEL OF DIFFICULTY

Approximately Grade 4

PURPOSE

To provide practice with suffixes.

Print the Instant Activity and distribute a copy to each student. Discuss the activity to ensure that students know what is expected. Then ask students to complete the activity at home or at school.
